IFEEDER Welcomes Constance Cullman

Join us in saying “welcome” to Constance Cullman, the president and CEO-elect for the American Feed Industry Association and president-elect for the Institute for Feed Education and Research. Cullman has already hit the road, visiting with donors and members to learn more about the issues that are important to you and how IFEEDER can bring value to your company and the broader animal food industry. Learn more about Cullman [here](#).

Take a minute now to send her an email and say hello. She can be reached at ccullman@afia.org.

Supporting the Animal Food Industry at LFS

IFEEDER recently participated in AFIA’s [Liquid Feed Symposium](#), where we recognized donors to the Kenny Berg Research and Education Fund. This fund honors Kenny Berg, a pioneer in the liquid feed industry, and supports conducting research and education projects that benefits the liquid feed industry.

IFEEDER thanks our generous donors:

2019 Presidents Club

2019 Executive Club

2019 Pacesetters Club

All American Livestock Supplements

In addition, the Liquid Feed Committee hosted a silent and live auction that raised over \$6,500 in support of the Kenny Berg Research and Education Fund.

Have Something to Say? Tell Us!

What's on your mind? We are listening. Talk to us!

What animal food issues are on your mind? What trends do you see over the next five years? Are there regulatory or legislative issues related to the development of new technologies that need to be explored? Are there sustainability projects or research that might be useful to the industry? Do you have a creative idea for how IFEEDER can continue to build public trust and protect consumer choice?

As IFEEDER moves into its next decade, we are taking a closer look at the topics, issues and trends that will be critical to the industry and strategizing on how we can leverage resources to conduct the research and education needed that will build trust with decision-makers, thought leaders and consumer influencers, and protect your license to operate.

The IFEEEDER Board of Trustees and I would like to hear from you. Your insights ensure that we work on projects and opportunities that are most relevant and helpful to you and your business operations.
